

Cole Wire Is an Approved, Premier Vendor with CED, and We Have Been for Over 20 Years!

Since 1979, [Cole Wire](#) has been a world leader in wire and cable for a variety of industrial, commercial, and consumer applications. The prestigious company supplies cable and wire to the CED, or Consolidated Electrical Distributors, as well – and has been doing so for more than 20 years. CED is by far one of the country's largest electrical supply distribution networks, and with more than 600 locations around the country, they help keep the electricity flowing with the help of quality equipment from Cole Wire.

Cole Wire serves many different industries, both on their own and through CED. These include mining and exploration, paper mills, power generation, automotive and marine, medical device manufacturing, and many others. In fact, there is virtually no industry untouched by the products Cole Wire offers nationwide. Thanks to their high-quality products and more than 35 years in business, it is easy to see why some of the nation's largest distributors turn to Cole Wire for all of their wiring and cabling needs.

Unlike other similar companies, [Cole Wire](#) offers up incredibly fast and competitive quotes, cable that is cut to their clients' specified lengths without any additional charge, and same-day shipping. They also offer custom coloring, striping, twisting, printing, and paralleling to suit all of your unique needs. Their sales and customer service team is incredibly friendly and knowledgeable, and they offer a 24-hour emergency service to ensure that can help you obtain the cable and wire you need quickly.

About the Company: Shel Cole founded the Cole Wire company back in 1979 after realizing an opportunity to offer both cable and wire to his clients and customers – something that was unprecedented at the time. Thanks to his innovative approach, Cole Wire has steadily grown over the decades and is now a premier provider of cable and wire to a variety of customers and distributors around the country. Cole Wire is headquartered in the Chicago area and has sales offices in Florida and Ohio, as well.
